

Frequently Asked Questions

How Does the Premium Plus Plan Work?

The **SFD Premium Plus Dental Plan** works similar to many insurance plans on the market. You pay a monthly membership fee for discounts on your dental expenses. The plan is designed to cover preventive services such as cleanings, routine exams, and x-rays at 100%. This provides coverage that can be budgeted at an affordable monthly expense while receiving excellent discounts for your higher cost dental services.

Who administers the Plan?

Seaman Family Dentistry administers the plan and works with you, the patient directly to make all dental work decisions. There is no need to contact a 3rd party company for information. All questions regarding plan coverage, verifying benefits, changing coverage types, or any other questions should be directed to us here at Seaman Family Dentistry. **The automatic monthly billing for the plan is handled by Dental Practice Services, Inc., so this or DPS will show up on your bank/credit card statement when monthly payments are made.**

How does Specialty Dentistry work with the Plan?

Dr. Seaman, may need to refer a patient to a specialist, that may or may not participate in the **SFD Dental Plan**. Members must verify the specialist's participation in the Network prior to accepting treatment. Seaman Family Dentistry will have a complete listing of participating specialists and the discount rates they will provide you. Dr. Seaman only refers patients to a specialist when this is the best course of action for the patient or when the service needed/wanted is not a service Dr. Seaman provides.

Why features make this type of plan better than a traditional dental plan?

You don't have to worry about a bunch of hidden clauses which prevent you from using your benefits on the services you need or want. You even receive discounts on cosmetic services and with the supplemental plan added everyone on the plan is covered for orthodontic and TMJ services.

A Completely New Concept in Dental Coverage!

If asked, most people would agree that decisions about dentistry are best made between the patient and their dentist, without a third-party company's involvement.

The **SFD Premium Plus Dental Plan** is different! It has been designed to provide you and your family with affordable dental coverage, your dentist owns and administers.

Not only does the Premium Plus plan provide outstanding coverage on preventive dentistry, the plan offers excellent coverage on major dental procedures like crowns, root canals, bridges, dentures, and even cosmetic dentistry.

Since your Premium Plus plan is not administered by a third party insurance company, all the decisions regarding your dental treatment may be decided by you and your dentist – Dr. Robert Seaman, without the need for claim forms, approvals, or deductibles.
